GitHub | Linkedin| Portfolio

CAREER OBJECTIVE

Full-Stack Web Developer skilled in building responsive, real-time web applications with the MERN stack, Next.js, and RESTful APIs. Experienced in end-to-end product development — from authentication and role-based access control to responsive UI/UX. Eager to join a product team where I can ship reliable features, collaborate closely with cross-functional teams, and grow as a developer.

SKILLS

- **Frontend:** HTML5, CSS3, Tailwind CSS, JavaScript (ES6+), TypeScript, React, Next.js
- **Backend: Backend:** Node.js, Express.js, RESTful APIs, JWT Authentication, Socket.io
- **Database:** MongoDB, PostgreSQL, Prisma. Firebase, Database Design
- **Tools & Platforms:** Git, GitHub, Postman, Socket.io, Vercel, Render, Netlify
- **Interpersonal:** Communication, Teamwork, Problem-Solving, Time Management

PROJECTS

FixItNow — Home Service Marketplace Live Demo | Client Repo | Server Repo

- Developed a full-stack service marketplace with customer, technician, and admin workflows.
- Implemented JWT authentication, role-based access, booking, and payment features.
- Tech: Next.js, TypeScript, Node.js, Express.js, PostgreSQL, Prisma, TanStack Query, Tailwind CSS, Stripe

DashChat — Real-Time Chat Application *(Team Project)* Live Demo | GitHub Repo

- Built a real-time chat platform with authentication, online presence, and friends list.
- Implemented real-time messaging using Socket.io and designed a fully responsive UI with Tailwind CSS.
- Tech: React, Node.js, Express.js, MongoDB, Socket.io, Tailwind CSS

Smart Home Decor — Full-Stack Web App Live Demo | Client Repo | Server Repo

- Developed an interactive home decor gallery with a responsive, mobile-first interface.
- Built and consumed REST APIs to dynamically load and filter product data.
- Tech: React, JavaScript, CSS, REST API

PROFESSIONAL DEVELOPMENT

Full-Stack Web Development — Self-Directed Learning **2025 – Present**

- Built and deployed multiple full-stack web applications using modern frontend and backend technologies.
- Developed RESTful APIs with JWT authentication, role-based access control, and database integration.
- Practiced collaborative development using Git and GitHub.
-
